CONNECT AIR | Basin pillar tap 48x115x126 mm, 85 mm spout projection in silver storm finish, 5 l/min (3 bar), no waste | Ecoflow, PVD technology

### Image & drawing

### General information

|                           |                   |
|---------------------------|-------------------|
| Product type:             | Washbasin mixers  |
| Sub product type:         | Basin pillar tap  |
| Brand:                    | Ideal Standard    |
| Suite name:               | CONNECT AIR       |
| Designer:                 | Ideal Standard    |
| Colour:                   | GN - Silver Storm |
| Surface finish effect:    | satin             |
| Height (mm):              | 126               |
| Width (mm):               | 48                |
| Length / Projection (mm): | 115               |
| Fixing method:            | Shank fixation    |
| Net weight (kg):          | 0.78              |
| EAN code:                 | 4015413346894     |

### Product standard & certifications

|                           |                              |
|---------------------------|------------------------------|
| Additional standards:     | EN 248   DIN 4109-1   EN 200 |
| ACS certificate name:     | 24 ACC LY 179 / 199          |
| Nozzle connection thread: |                              |

### Product specifications

|                                              |              |
|----------------------------------------------|--------------|
| Amount of escutcheon(s):                     | 1            |
| Amount of handles:                           | 1            |
| Blue Start technology:                       | No           |
| Colour code:                                 | GN           |
| Colour description:                          | silver storm |
| DVGW intrinsically safe:                     | No           |
| Handle position:                             | Top          |
| Includes a chain eye:                        | No           |
| Integrated electronics:                      | No           |
| Low-pressure model:                          | No           |
| Material:                                    | Metal        |
| Material of handle:                          | Metal        |
| Material quality:                            | Brass        |
| Max. flow rate at 3 bar (l):                 | 5            |
| Max. flow rate at 3 bar (l) for all outlets: | 5            |
| Max. flow rate at 3 bar (l) for spout:       | 5            |

### Product specifications

|                              |                   |
|------------------------------|-------------------|
| PVD technology:              | Yes               |
| Shape of escutcheon(s):      | Round             |
| Spout model:                 | Fixed             |
| Spout type:                  | Casted body       |
| Surface cover:               | plated            |
| Surface finish effect:       | satin             |
| Swivelling spout:            | No                |
| Tap outlet model:            | Aerator           |
| Tap outlet visibility:       | Visible           |
| Tap outlet adjustable:       | No                |
| Touchless control:           | No                |
| Type of handle:              | Lever             |
| Type of temperature control: | Manually operated |
| Water saving:                | Yes               |
| With escutcheon(s):          | Yes               |
| With handle(s):              | Yes               |
| With outlet:                 | Yes               |
| With waste set:              | No                |
| M24x1                        |                   |
| Easy Fix technology:         | No                |
| Fixing method:               | Shank fixation    |
| Mounting method:             | Tap hole          |
